

A scatter plot on a Cartesian coordinate system. The x-axis ranges from 0 to 2 with major ticks every 0.5 units. The y-axis ranges from 0.5 to 1.0 with major ticks every 0.1 units. There are two data points plotted in blue. The first point is labeled 'Hello' and is located at approximately (1.0, 1.0). The second point is labeled 'World' and is located at approximately (1.0, 0.5).

Label	X	Y
Hello	1.0	1.0
World	1.0	0.5
