

kiss\_fft\_cpx

```
graph BT; kiss_config[kiss_config] -.-> freq_data[freq_data]; freq_data --> kiss_fft_cpx[kiss_fft_cpx];
```

A diagram illustrating the data flow for a Kiss FFT operation. At the bottom, a black box labeled 'kiss\_config' is connected by a dashed purple arrow to a text label 'freq\_data'. From 'freq\_data', a solid purple arrow points upwards to a white box with a black border labeled 'kiss\_fft\_cpx'.
